Treleigh Emergency School Closure Procedures

There are times when the school may need to close or open late – for example, in the event of snow/ice or premises problems which put the health and safety of the children and staff at risk.

In the event of a school closure or late opening, this decision will be publicised widely on Class Dojo, the school's Facebook page and in an email to all parents. We will also email the Local Authority who will update their School Closure page.

Please ensure that your emergency email and phone contacts are up-to-date and, if these change, please let the school office know.

If you need to enquire about a school closure, please check the methods of communication mentioned above – DO NOT PHONE THE SCHOOL OFFICE EXCEPT IN AN EMERGENCY as the phonelines need to be kept clear during these times.
